

The flexible inter-locking system

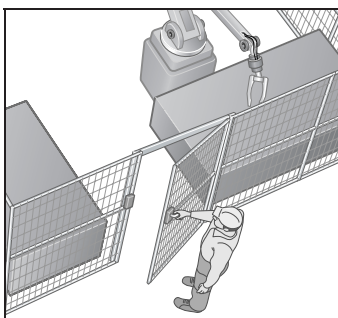

SAFE LOCK Category II is a patented, 3 state inter-locking system using the same basic units for swing or sliding doors. SAFE LOCK complies with European Machine Directive 98/37 as well as with the EN 1088 and the EN 954-1. SAFE LOCK is a mechanical locking system with positive safety control, where:

- STATE 1 = door open
- STATE 2 = door closed
- STATE 3 = door closed and locked from the outside by a voluntary action

Unique and patented for industrial safety applications

ADVANTAGES

SAFE LOCK ensures that doors to protected zones can only be locked or unlocked from the outside, thus preventing exposed persons from being enclosed within the zone.

The Category II SAFE LOCK, provides excellent levels of safety. Only in state 3 is an electrical signal transmitted to allow the machinery to start.

APPLICATIONS

The same basic SAFE LOCK units can be used on both swing and sliding doors and have a mechanical locking device suitable for virtually all industrial applications.

Unauthorised access and unauthorised operation of machinery is simply yet effectively prevented.

FEATURES

All SAFE LOCKS come with ergonomically designed opening and closing nobs. Bi-stable system ensures that switches can only be in the open or the close position never in between.

Illustration showing a SAFE LOCK with padlock attached. Using this padlock, the door can be locked in the open position and machinery in the protected zone cannot be started.

Easy to install with only 5 bolts.

All SAFELOCKS come with ergonomically designed opening and closing nobs.

Easy adjustment for excellent performance.

Precut for option key locking system by Ronis key.

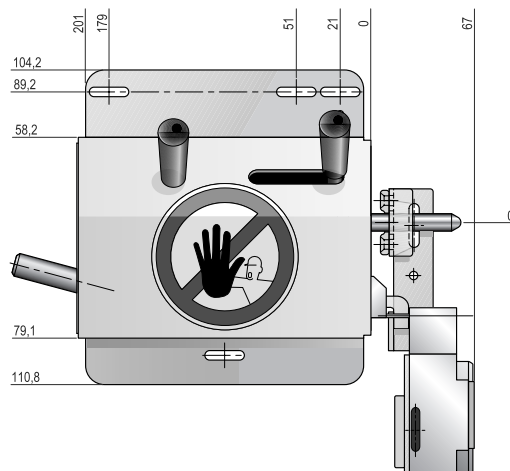

FACTS:

Weight:

5 kg

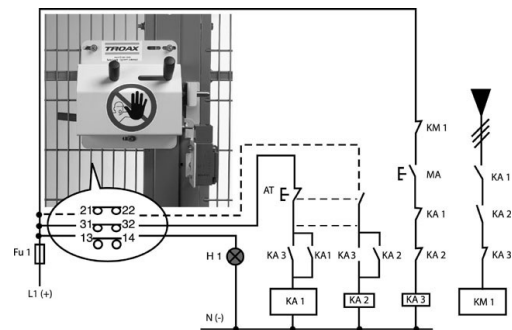

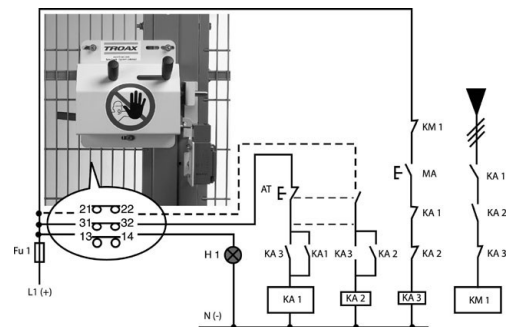

Standards/Directives:

EN 1088, EN 954/1, EE 98/37

Product numbers:

- 29918303 Safe Lock Right hand II-3 Euchner
- 29918304 Safe Lock Left hand II-3 Euchner
- 29918301 Safe Lock Right hand II-3 Telemécanique
- 29918302 Safe Lock Left hand II-3 Telemécanique

Accessories/ Options:

- Key locking system
- Key transfer system
- Kit for conversion to Category IV
- Expansion kit 25 mm for entrapment lever
Product No. 29914010
